Have A Great Fall on Kimble Lake!

Dear Kimble Lake Friends,

The summer is drawing to a close and the August 18 Mexican Fiesta saw about 95 folks enjoying the food, fellowship, and beverages. Our thanks to the Rowe's and Knutson's for again hosting this great event.

Marsh Pechauer and Sue Mathewson delivered the coffee table books and calendars. About 89 books and 16 calendars were ordered. The deadline for ordering both has passed. We may have an extra book if you failed to order yours. Contact me if you have any interest.

Mark your calendars. The last social event of the season, the Billiards Tournament, occurs on Saturday, September 29 at 5:00 pm at The Old Milwaukee Club. Please watch for the Constant Contact invitation coming soon (please RSVP to the invitation)If you don't play billiards, no worries, come just to visit your neighbors. Please bring a dish to share; the Old Milwaukee Club will be providing chicken and ribs.

The new August 2012 Homeowners Association directory is being distributed now by Board members. We hope to have delivered most of them by the time you get this letter. An electronic version is available to those who request it. If you do not have your paper copy by mid-September, let a Board member know. We have already found a few errors. If you see some, let Bob Maas or myself know.

We recently sent an electronic reminder to those of you who we do not believe joined the association for 2012. At least our records do not show that you did. Be patient with us if we made an error as the checks and forms for the association dues/calendars/books complicated things. We would still appreciate your support for 2012. The membership form is prominently displayed on the website for your assistance (www.kimblelake.org)

It won't be long before you or someone you hire will be removing your dock or lift or swim platform or boat. If you engage the services of a lake service provider to help with this, make sure they are permitted and trained. We still have a link to the latest list of permitted and trained providers on our website (news & info - other links). Let's do all we can to enhance or preserve our lakes water quality. Boat/kayak/paddle board traffic persists on the creek between Kimble and Ossi. We have scheduled a meeting on Friday, September 14 at 1:00 pm with the DNR/Township and creek residents to discuss solutions to this problem. Come if you are interested.

Regarding aquatic invasive species, we have now had three inspections in 2012 for Eurasian water milfoil. One plant was discovered and treated during the last inspection. Good news for this control effort.

Help is still needed in the KLHA Communications Committee and to work on Aquatic Invasive Species issues. Let a Board member know if you are willing to help us in these areas.

We hope the late summer and fall of 2012 will be your best ever on Lake Kimble.

**Jim Schultz, President
KLHA**
