

KLHA Mid-Summer Update/Newsletter

The next meeting of the Homeowner's Association Board will be held on the Saturday morning, August 25 at 8:00 a.m. at the Ideal Community Center. You are invited to attend or contact a Board member with your ideas/concerns.

Marsh Pechauer and Sue Mathewson have taken many orders for the Kimble Lake 2013 calendar and the coffee table book. You can still order them if you wish until August 1. Contact Marsh or Sue or myself to see the items and/or place an order.

Our records show that 36 property owners have yet to join the KLHA for 2012/2013. Before the Board members make an effort to contact you, check out the form on the newly updated website (www.kimblelake.org) and make our job easier. If there are reasons you do not wish to support our efforts, we would love to hear them. Your new Board members are Bob Maas, Colleen Whaley, Dick Maas, Jan Federer, Jim Schultz, Ken Kaufenberg, and Marguerite Austin.

While the high water is receding, and we no longer have a low wake policy, keep in mind that state law requires that you remain 50 feet away from docks as you enjoy the lake.

Milfoil inspections continue as part of our LID efforts. The great news is that the two inspections so far in 2012 reveal no milfoil, no curly leaf pond weed, and no zebra mussels. Please keep up your diligent efforts to practice responsible boating on Kimble.

Help is still needed with our newsletter publishing, e mail distributions, and Aquatic Invasive Species efforts. Please contact any Board member if you are

willing to help.

It is our plan to issue a new neighborhood directory before the end of the summer.

Are you mowing your lawn to the shoreline? There are better alternatives to preserve or enhance our water quality. We have information to help you. Contact me for more information.

Many thanks to the Larson family for hosting the Beach Volleyball Party on July 7th and the Mathewson family for hosting the Coffee Hour last Saturday. Upcoming August social events include a Canoe Trip (8/4), Paddle Boarding (8/11) and the Mexican Fiesta (8/18). Check these out on our website if you do not have the social calendar.

Congratulations on the survival of our two baby loons. Hatched on June 14, they are doing fine in part because you have kept your distance. Keep it up

Enjoy the rest of the this spectacular summer weather we are having. See you on the lake!

Jim Schultz, President
KLHA
