Knutsons See Seven Swans

## **Happy New Year!**

Hope you are enjoying the season and anticipating the warmer days ahead ... way, way ahead. Life on Kimble Lake may be quieter in the winter but it's no less beautiful. Wouldn't you agree?

This new year brings a new format and more functionality for Kimble Shorelines. Please [email me](#) to share your comments!

## Keeping Watch

**Jack and Kate Larsen** don't let winter slow them down at the lake. They've discovered plenty of cross-country ski and snowshoe paths, signs that others are enjoying the frozen lake as much as they are!

## Seven Swans A-Swimming ... On Kimble Lake!

**Larry and Maxine Knutson** have photographic evidence that seven -- yes, seven -- swans were enjoying a casual swim on our lake. When you see the Knutsons next, ask them to show you!

### OUR MISSION:

The Kimble Lake Homeowners Association is organized to encourage wise use and preservation of Kimble Lake to maintain the ecological balance that must exist between the lake and adjacent shore land. The association will work to keep this lake and its surrounding watershed in good condition. Further, the association will consider, recommend and endeavor, through responsible means, to bring about appropriate action by agencies of government and private individuals to realize effective management and preservation of the valuable resources of Kimble Lake and its adjacent shore land.
